DEPARTMENT OF THE ATTORNEY-GENERAL

"LAND REGISTRY ACT"

WHEREAS under the provisions of Order in Council No. 447, approved April 5th, 1941, regulations were made governing the registration in the Land Registry Office, Vancouver, of the title to leases granted by the Crown in the right of Canada to parts of the foreshore and bed of Burrard Inlet:

And whereas under the provisions of Order in Council No. 472, approved April 8th, 1941, the provisions of the regulations enacted by the first-mentioned order were extended to the registration of the title to leases granted by the Crown in the right of Canada to any part of the foreshore and bed of New Westminster Harbour, being all the foreshore and bed of the Fraser River, including all its various channels west of the west boundary of the Dominion Government Railway Belt, extending on the North Arm to a line drawn north astronomically across said arm from the north-west corner of Lot Seven hundred and fifty-eight (758), Group One (1), New Westminster District, and on the main river to a line drawn across said river from the north-east corner of Lot One hundred and thirty (130), Group Two (2), New Westminster District, to the southerly south-east corner of Section Seventeen (17), Block Four (4) north, Range Four (4) west:

And whereas the Registrar of the New Westminster Land Registration District reports that Trans Mountain Oil Pipe Line Company is applying to Her Majesty in the right of Canada for a grant of easement or right-of-way over a portion of the bed of the Fraser River lying within the limits of New Westminster Harbour as hereinbefore defined, for the purpose of laying its pipe-line in the bed of the Harbour:

And whereas the Minister remarks that it is in the public interest that the title to easements and rights-of-way granted by the Crown in the right of Canada over the foreshore and bed of New Westminster Harbour should be registered under the provisions of the "Land Registry Act" in the same manner as leases comprising the foreshore and bed of New Westminster Harbour are registered, and that accordingly regulations should be made under the provisions of section 257 (2) of the "Land Registry Act" to permit the registration of such easements and instruments of title derived therefrom:

His Honour the Lieutenant-Governor in Council has been pleased to order that, pursuant to subsection (2) of section 257 of the "Land Registry Act," the following regulations be made:—

(1) Upon application being made under the provisions of the "Land Registry Act" for the registration of title comprised in any easement or right-of-way covering part of the foreshore or bed of New Westminster Harbour as hereinbefore defined, derived from the Crown in the right of Canada, and where no certificate of indefeasible title has been issued covering the land comprised in the easement or right-of-way, the Registrar, upon being satisfied that the applicant has a good safe holding and marketable title thereto, and upon deposit of the original grant in his office, and upon payment of the same fees chargeable in respect of easements now registered under the "Land Registry Act," shall register the title claimed by the applicant by entering a memorandum of the easement or right-of-way in the register prescribed under the provisions of Order in Council No. 447, approved April 5th, 1941.

(2) Where the easement or right-of-way has been so registered, the title conferred by any instrument of assignment or charge in respect of that easement or right-of-way may, upon application and upon payment of the proper fees, be registered by endorsement of a memorandum thereof in the same folio of the register in which the easement is registered.

(3) The entry of the memorandum in accordance with the provisions of the preceding paragraphs shall have the same effect as if the Crown

in the right of Canada had applied for and obtained a certificate of indefeasible title to the land described in the easement or right-of-way, and the easement, right-of-way, assignment, or charge were registered against the title in accordance with the provisions of the "Land Registry Act."

(4) Where an application is made for a certificate of indefeasible title to any land comprising any part of the foreshore or bed of New Westminster Harbour as hereinbefore defined and there are entries in the register affecting the title to the land, the application shall be subject to such entries, and the Registrar, upon issuing a certificate of indefeasible title to the land, shall forthwith carry forward the title created by the entries in the register by endorsing a memorandum thereof in the appropriate register containing the certificate of indefeasible title to the land, effective from the time of registration and in the same order of priority as the entries were made in the register, and thereupon the register defined in paragraph (1), in so far as it affects the land in respect of which the certificate of indefeasible title has been issued, shall be closed.

(5) The provisions of the "Land Registry Act" shall *mutatis mutandis* extend and apply to registrations applied for and effected under the provisions of this order.

And that notice of this order shall be published in five consecutive issues of the Gazette and the order shall become effective on completion of the publication therein.

MUNICIPAL BY-LAWS

THE CORPORATION OF THE DISTRICT
OF SAANICH

BY-LAW No. 960

A By-law to Provide for the Deepening of the Drainage-ditch Located along the North Boundary of Plan 5710, Lake District, Parallel to and North of Normandy Road in the District of Saanich, and for Borrowing on the Credit of the Municipality the Sum of \$1,000 for Completing the Same.

WHEREAS a majority in number and value of the owners, as shown by the last revised assessment roll of the property hereinafter set forth to be benefited by the deepening, have petitioned the Council of the said Corporation of the District of Saanich, praying that the said drainage-ditch be deepened:

And whereas thereupon the said Council procured an examination to be made by H. D. Dawson,

being a person competent for such purpose, of the said ditch proposed to be deepened, and has also procured plans and estimates of the work to be made by the said H. D. Dawson, and an assessment to be made by him of the lands to be benefited by such deepening, stating as nearly as he can the proportion of benefit, which, in his opinion, will be derived in consequence of such deepening by every lot, or portion of lot, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described, and the report of the said H. D. Dawson in respect thereof and of the said deepening, being as follows:—

“ February 29th, 1952
“ File 339

“ Report covering proposed improvement of drainage ditch located along the north boundary of Plan 5710, Lake District, parallel to and north of Normandy Road.

“A petition has been received from residents whose properties border this ditch, asking that improvements be made to the channel to provide adequate drainage of certain low lying lands within Lot Amended ‘E’ of 2, Plan 3255, and Lots 7, 8, 9 and 10, Plan 5710, and also for the proper grading of the full length of the watercourse to prevent the retention and stagnation of drainage waters along the bed of the channel.

“The accompanying Plan shows the affected area and the location of the ditch.

“In order to effect these requirements it would be necessary to construct the channel to such gradient and cross-sectional area as to provide for adequate flow under normal maximum run-off conditions.

“The area draining into this watercourse is approximately 320 acres, the average slope of the ground with the area is roughly 20%. Estimating the maximum intensity of rainfall at ½” per hour and the co-efficient of imperviousness to be 0.5, it is calculated that the normal run-off would be 75 c.f.s.

“Investigation has shown that the work required to provide adequate drainage of the low lying areas would consist of:

“(1) Clearing and construction of the channels from Sta. 0 (at East Saanich Road culvert) to Sta. 8 to a grade of 0.3% and bottom width of 3’, having the sides sloping at the rate of 1.5 horizontal to 1 vertical.

“(2) Clearing and trimming the channel from Sta. 8 to Sta. 12.

“It is considered that as a basis of apportioning the costs of the whole job, that the cost of this particular amount of work be assessed to the properties primarily benefiting from this work, proportionately to the areas of flooded land, that is, Lots 7 to 10 inclusive, Plan 5710, and Lot ‘E’ of 2, Plan 3255.

“The cost of this work would be as follows:

| | |
|--|------------|
| Clearing trees and brush to a width of 10’ each side of the channel | \$240.00 |
| Construction of channel to requirements | 400.00 |
| Spreading of excavated materials | 160.00 |
| Trimming of existing channel, Sta. 8 to Sta. 12 | 50.00 |
| Engineering, surveys, supervision, registration of drainage easement, etc. | 230.00 |
| Total | \$1,080.00 |

“The properties benefited by this work would be assessed for the cost of one thousand and eighty and 00/100 dollars (\$1,080) proportionately as follows:

| | Area Affected | | |
|---|---------------|-------|------------|
| Plan 3255, Lot Amended “E” of 2, “Heal” | 9.78 acres | 61% | \$658.80 |
| Plan 5710, Lot 7, “Broadbent” | 0.02 | 1.5% | 16.20 |
| Plan 5710, Lot 8, “Broadbent” | 0.10 | 7.8% | 84.24 |
| Plan 5710, Lot 9, “Chatterton” | 0.17 | 13.3% | 143.64 |
| Plan 5710, Lot 10, “Chatterton” | 0.21 | 16.4% | 177.12 |
| | | | \$1,080.00 |

“The work of clearing and cleaning from Sta. 12 to Sta. 22 and the sufficient grading of the channel from Sta. 8 to Sta. 22 in order to prevent

“ This shows the annual amounts which would necessarily be contributed by the properties affected. In the event that other interested parties, such as the Provincial Department of Public Works, were to make grants toward the total expense, such amounts would be deducted from the total cost of one thousand nine hundred and fifty and 00/100 dollars (\$1,950) and the remainder assessed to the affected properties in the same proportion.
“ It should be noted that should the Corporation participate in this matter a drainage easement along the length of the ditch would be required so as to ensure the future maintenance of the channel.”

And whereas the Department of Public Works of the Province of British Columbia has agreed to contribute a sum amounting to one-third (1/3) of the cost of the work, or six hundred and fifty and 00/100 dollars (\$650), whichever is the smaller:
And whereas The Corporation of the District of Saanich has agreed to contribute the sum of three hundred and 00/100 dollars (\$300) to the cost of this work from the general revenue of the Corporation:
